Grand Sire Archon-Elect Tyson and Grand Thesauristes Roman,

Good afternoon. I remain somewhat baffled by the outcome of our opening negotiations with State Farm Insurance. In consulting with an Archon with extensive insurance claim experience, it is customary to have been given a written justification for their offer.

I've asked several times and several different ways why we were offered \$25K instead of anything close to the highly anticipated \$500K. I have not gotten a satisfactory explanation, so far.

Perhaps, it would be valuable to submit a short letter to the litigators asking them to provide us with a written explanation of the outcome and of State Farm's position in this matter. The letter would come from the executive committee. Please let me know your thoughts in this matter.

Fraternally,

Archon Douglass
Grand Sire Archon
